

Bianco

This wine, with its beautiful straw green colour, expresses an intriguing rainbow of aromas which embrace floral notes of acacia and lily of the valley as well as white fruits such as peach and melon.

Production area

Together with this island's wide variety of soils, environments and climates, Sicily has always been and continues to be the cradle for both native and international vines.

Grapes Moscato, Viognier, Grillo

Characteristics

This wine, with its beautiful straw green colour, expresses an intriguing rainbow of aromas which embrace floral notes of acacia and lily of the valley as well as white fruits such as peach and melon. We can also pick up light spicy notes of sage, with a touch of warmer and riper fruit: mango, apricot and nectarine. It is ample and viscous on the palate with a pleasing final crispness, making it an ideal companion for aperitifs as well as for fish dishes and slightly matured cheese.

Pairings: it is the ideal companion for aperitifs as well as for fish dishes and slightly matured cheese.
